

2011 Proposed Parade Schedule for TRVEA

Parades in **blue** font are ones we have done in the past two years. These events are subject to change or cancellation. Transportation for you and your horse to the event must be arranged well ahead of time. New horses and riders must come to practice in order to qualify, **however, participation in practice does not guarantee that you and your horse will be approved.** You must be an experienced rider and be capable of maintaining control of your horse at all times. Sorry, but TRVEA does not allow stallions to participate.
